Sprint Three Report - Slug Stock - Team Slug Stock
March 5, 2016

Actions to stop doing:
- Nothing in particular

Actions to start doing:
- Nothing in particular

Actions to keep doing:
- We should keep helping each other when we are stuck on certain tasks.
- We should keep on touching base by using the google chat app.

Work completed/not completed:
Completed user stories:
- I as a user want the site to flow well (css/js)
- I as a user want to be able to attach notes to a stock.
- I as a user want to receive text message notifications when a stock hits a specified price.
- I as a user want to see how much money I've made or lost on a given stock and total each day.

Uncompleted user stories:
- None

Work completion rate:

Data Used to Compute Rates:
- 4 User Stories/Sprint
- 21.5 Ideal Work Hours/Sprint
- 17 Days/Sprint

Rates for This Sprint:

User Stories/Day = 4/17 = .2353
Ideal Work Hours/Day = 21.5/17 = 1.2647

Average Rates: (since this is the first sprint, the average rates are the same as the calculated rates)
User Stories/Day = .2157
Ideal Work Hours/Day = 1.2353
