Sprint Two Report - Slug Notes - Power Rangers
November 6, 2015

Actions to stop doing:
- We should stop stealing other people's tasks that they were assigned and allow them to finish their work on their own.

Actions to start doing:
- We should really try to start working in the same room so that we can bounce ideas off of each other rather than everyone implement his/her own features.

Actions to keep doing:
- We should keep helping each other when we are stuck on certain tasks.
- We should keep on touching base by using the google chat app.
- We should keep up our perfect attendance to scrum meetings
- We should start keeping a more precise burnup chart so we can ensure that everyone is on track for the sprint.

Work completed/not completed:
Completed user stories:
- I as a user would like to be able to group and organize my flashcards to enhance my studying experience.
- I as a user would like to be able to create flash cards in order to study important material.
- I as a user would like to be able to upload my notes (but not save) and have flash cards automatically generated to save studying time.

Uncompleted user stories:
None :)

Work completion rate:

Data Used to Compute Rates:
3 User Stories/Sprint
48 Ideal Work Hours/Sprint

18 Days/Sprint

Rates for This Sprint:
    User Stories/Day = 3/18 = .1667
    Ideal Work Hours/Day = 48/18 = 2.667

Average Rates:
    User Stories/Day = .1716
    Ideal Work Hours/Day = 2.068
