Sprint Two Plan - Slug Notes - Power Rangers

Sprint Two Completion Date: November 7, 2015
Revision Number: #1
Revision Date: October 25, 2015

Sprint Two Goal:

Be able to create flashcards and store them in a deck.

User Story 1: I as a user would like to be able to group and organize my flashcards to enhance my studying experience.

Tasks:
- Create a pop-up form for adding a new deck. Link the form with the data base. (Time Estimate: 5 hours)
- Be able to edit the deck name/sharable option after creation (Time Estimate: 3 hour)
- Pull and display all of the decks that a user has on the home page and display it in an organized manner. Preferably three or four deck names per row. (Time Estimate: 4 hours)

User Story 2: I as a user would like to be able to create flash cards in order to study important material.

Tasks:
- Have a pop-up window to add the front and back for a flash card. (Time Estimate: 8 hours)
- Be able to edit already made flashcards (Time Estimate: 3 hours)
- Display all the flashcards of a deck on one page and display it in an organized manner. (Time Estimate: 8 hours).

User Story 3: I as a user would like to be able to upload my notes (but not save) and have flash cards automatically generated to save studying time.

Tasks:
- Set up a way for the user to upload a text file of notes. (Time Estimate: 8 hours)

- Create a parser to divide the notes into questions and answers. (Time Estimate: 7 hours)
- Generate a deck of cards based on the user's notes that then gets saved to the user's profile.(Time Estimate: 3 hours)

Team Roles:

Sara Woods (Product Owner):

Main GUI

Alex Janakos:

File handler

Peter Greer:

Frontend Setup

James Brower (Scrum Master):

Parser Creator

Ethan Vadai:

Database Interactor

Initial Task Assignment:

Sara Woods (Product Owner):

User Story 1, task 1, 3

User Story 2, task 2

Alex Janakos (Scrum Master):

User Story 3, task 1

Peter Greer:

User Story 1, task 2

User Story 2, task 1, 3

James Brower:

User Story 3, task 1

Ethan Vadai:

User Story 1, task 3

User Story 3, task 3

Initial Burn Up Chart:

Scrum Board:

Scrum Times:

Tuesday: 12:30
Wednesday: 2:00 (With TA)
Sunday: 12:30
